Sir:

The applicants petition the United States Patent and Trademark Office to withdraw any holding of abandonment of the above-identified U.S. patent application based on the failure of the applicants and their representatives to file a timely reply to the Office Action mailed on May 4, 2005. As set forth below, the undersigned firmly believes that the Notice of Abandonment issued by the U.S. Patent and Trademark Office on December 30, 2005 was erroneously issued.

This petition is filed under the provisions of 37 C.F.R. §1.181 as well as the guidance provided by MPEP §711.03(c).

In more detail, the undersigned attorney of record for the applicant filed an Amendment on August 3, 2005 via facsimile in response to the Office Action issued by the U.S. Patent and

U.S. Patent Application No.: 10/083,657
Renewed Petition to Withdraw Improper Holding
of Abandonment dated February 14, 2006
Reply to Notice of Abandonment dated December 30, 2005

Trademark Office dated May 4, 2005. A copy of the as-filed Amendment, together with a copy of the Auto-Reply confirming receipt of the facsimile transmission, are attached hereto.

Furthermore, the undersigned did not receive a telephone call from the Examiner informing the undersigned that a Notice of Abandonment will issue in the above-identified application due to the Examiner not receiving a reply to the Office Action dated May 4, 2005, even though one was timely filed.

A decision on the petition filed January 19, 2006, by Petitions Attorney Kenya A. McLaughlin was mailed on January 27, 2006. The petition was dismissed because the Attorney stated that although the record reflects that the subject certificate under 37 C.F.R. 1.8 was signed by Kim Blum, a statement of personal knowledge by Kim Blum regarding the timely transmission of the amendment did not accompany the petition document, as set forth in MPEP §512. Therefore, a statement of personal knowledge by Kim Blum now accompanies this renewed petition as filed.

In view of the above, the undersigned can attest that a response to the Office Action dated May 4, 2005 was timely filed for the above-identified U.S. patent application. Accordingly, the United States Patent and Trademark Office is respectfully requested to grant this petition and to withdraw any holding of abandonment in the above-identified U.S. patent application.

In the event any fees are required in connection with this paper, please charge Deposit Account No. 50-0925.

Respectfully submitted,
